

## KYD-N020 Disposable Men' s Under Briefs Making Machine

### 1.Description:

This machine adopts advanced ultrasonic welding to non-woven briefs(with or without patch). It is a fully automatic production machine from raw material supplying to finished product output. With PLC system control, high stability and low failure. Import deceleration brake motor effectively reduced defect rate of products. This machine with aluminum alloy rack, the appearance is beautiful and will not get rusted. It can produce the underwear with different sizes by replacing the mold.

### 2.Technical parameter:

Machine size:	4400*1000*1770mm	Pressure:	6kg/cm2
Yield:	30-40pcs/min	Fuselage material:	Aluminium alloy
Machine weight:	1200KG	Control mode:	Circuit control
Voltage:	220V	Detection mode:	Photoelectric detection
Power:	3.2KW	Remark:	Can be produced according to customer requirements.

### 3.Feature

1. Multifunction and Higher Efficiency,lower trouble.
2. Stainless steel structure,independent electrical control box.
3. The parts surface adopts chorme dealing,covering parts of stainless steel,looking beautiful and clean.
4. Machine with Multifunction,and change the model for each different size shoes cover producing.
5. Automatic piece Account, Machine with Stop Protection.
